It is said that for all our struggles and prosperity in far-off lands, it was as if us Matiya's had never left our village, our town or our country of origin, for we transported all that we held dear – our way of life, our extended families, our cuisine and our culture into the New World. In this New World we thrived due to our background, upbringing and culture. Prospering in every business and profession we encounter and taking it to the highest level. Unfortunately, today we are quickly losing our cultural ties and the heritage of Matiya's.

Matiya Community (Samaj) today is under the threat of Extinction as our size is shrinking due to migration all over the world and isolation of some members who live away from areas concentrated by Matiya's. It should be our responsibility and commitment to educate our new generation of the richness of our Matiya heritage and the need to preserve the same across generations. Please visit Matiya World (MW) website at www.MatiyaWorld.com and become a member today or fill out the enclosed membership form and return with your membership fees.
